ADMINISTRATION

My sincerest congratulations to all who worked to make this 1952 Annual a most enjoyable reality.

Like the other fine accomplishments of the students and faculty of Potlatch High School during the past year, this Annual exemplifies what may be done through proper training, co-operation and plain hard work.

I shall treasure this volume in remembrance of a truly fine group of students and a most profitable school year.

C. M. Nielsen,
Superintendent

I want to take this opportunity to thank the Potlatch High School Student Body for their reception of me and my family since coming to Potlatch.

I would also like to thank the faculty for their splendid co-operation this year.

Arthur B. Boam,
Principal

As this school year draws to a close I wish to express my appreciation to the faculty and students for their fine co-operation. This co-operation has made for a very successful year.

Keith N. Coble,
Grade School
Principal
